POPULATION AND DWELLINGS - LOCAL GOVERNMENT AREAS

SOUTH AUSTRALIA

30TH JUNE 1963

This bulletin shows the area, number of private dwellings, and population, in each Local Government Area and Statistical Division in South Australia at the Census of 30th June 1961 with estimates at 30th June 1963.

The estimate of State population at 30th June 1963 is based on Census population plus natural increase and recorded net migration.

Changes in the estimated populations of Local Government Areas are based mainly on changes in the recorded numbers of private dwellings and changes in occupancy of major hostels, camps, etc.

Private dwellings consist mainly of private houses, shares of private houses, flats, and apartments, and include both occupied and unoccupied dwellings. Hostels, boarding houses, hotels, hospitals and other institutions, and small holiday houses built since the 1961 Census, have been excluded.

The June 1963 estimates of private dwellings have been derived from June 1961 Census results and from the latest available information on completion of new dwellings, demolition of houses, and conversion of houses into business premises, from 1st July 1961 to 30th June 1963.

Particulars of the demolition and conversion of dwellings and of inter-state movement of population are incomplete; hence estimates of both population and dwellings are subject to amendment as more definite information becomes available.

Estimated populations have been rounded to the nearest hundred persons for metropolitan municipalities and to the nearest fifty persons for all other Local Government Areas. In all Local Government Areas estimated numbers of private dwellings have been rounded to the nearest ten. Some minor changes in population figures for June 1963 may be the result of "rounding".

Because of the factors mentioned above ESTIMATES FOR INDIVIDUAL LOCAL GOVERNMENT AREAS SHOULD BE REGARDED AS PROVIDING A GENERAL GUIDE ONLY.

It is estimated that in the six months from 31st December 1962 to 30th June 1963 the State population increased by 9,301 persons (0.93 per cent).

The population of the Metropolitan Area is estimated to have increased by 3,400 persons, the largest estimated increases for individual municipalities being 1,300 persons in Woodville, 800 in Campbelltown, and 600 in each of Enfield, Marion, and West Torrens.

For the near-metropolitan area the estimates show continuing rapid growth in the Local Government Areas of Salisbury (an estimated increase of 1,850 persons), Munno Para (an estimated increase of 1,650 persons), Tea Tree Gully (an estimated increase of 1,250 persons), and Noarlunga (an estimated increase of 900 persons). The increases in Salisbury and Munno Para were due in large part to growth of Elizabeth, where there was an estimated increase of 2,090 persons.

In other country areas the greatest change was an estimated increase of 450 persons to a total of 16,800 persons in Whyalla.
